5. Within eight days of the receipt of the order of acceptance of the tender, the successful tenderer will be required to execute an agreement on a stamp paper of proper value, failing which his tender will be cancelled and the earnest money forfeited.

6. The earnest money of the successful tenderers will be treated as security for the due fulfilment of the conditions of the tender.

Further Conditions.

(a) Clear felling over the area should be done flush with the ground and in no case the stumps should be more than 1 ft. in height. The timber and fuel trees resulting therefrom will be the property of the department. Separate rates should be quoted for clear felling in the c of Plantations where fuel trees have been extracted departmentally and those where fellings have not been made.

(b) After the clear felling is done and inspected by the Range Officer in charge, burning of the should be taken up.

(c) Clear felling should be completed before the end of December 1938, and first burning before the end of February 1939, and the second burning before the end of March 1939.

(d) After both these works have been satisfactorily executed, planting should commence, aft getting the area weeded out. This should be done strictly in accordance with the instructio of the Range Officer.

(e) While engaged in the above work, the contractor should see that no damage is caused to th forest produce situated in the vicinity.

(f) The tools and other implements required for the purpose should be provided by the contractor himself.

(g) No advance will be made under any circumstances. Payments on bills passed by the Sub-Division Officer or the Range Officer, as the case may be, will be made only twice during the course of execution, *i.e.*, first bill will be paid after the clear felling is done and the bill after all other items are completed.

(h) Any departure from the instructions issued by the Range Officer or any bad w... entail disallowance of the amount due for such work, besides forfeiture of the security deposit an in whole or in part as the District Forest Officer may deem fit. The decision of the District Forest O in such cases will be final and legally binding.

(i) The contractor should not transfer or sublet the work without the written orders of the Di Forest Officer.

(j) The contractor shall abide by the rules of the department and hold himself responsible for offences committed either by himself or his agents or servants.

(k) The plants required for the purpose will be supplied by the department.

D. NARASIMHAMOORTHY RAO,
District Forest Officer.

BHADRAVATI DIVISION.

Notification dated 28th July 1938.

Tenders are invited for the annual clearing of the demarcation lines of the following forests of the Division, during the year 1938-39, up to 4 P.M. on 2nd September 1938.

2. Tenders should be submitted in the form given below showing the rate per mile at which the lines will be cleared and the debries burnt.

3. Each tender must be accompanied by a deposit of Rs. 25 in Government currency notes as earnest money and must be sealed and superscribed "Tender for the Annual Clearing of the Demarcation Lines of the Forests in Bhadravati Division", failing which it will be rejected.

4. Final acceptance or otherwise of the tender will rest with the District Forest Officer, who does not bind himself to accept the lowest or any other tender and reserves to himself the right to reject any tender without assigning any reason therefor.

5. Within eight days from the date of intimation of the acceptance of the tender, the successful tenderer will be required to execute an agreement on a stamped paper of proper value failing which his offer will be cancelled and the earnest money forfeited.

6. The earnest money of the successful tenderers will be retained as security for the due fulfilment of the conditions of the agreement and returned after the termination of the period of contract and that of others returned after the results of the tenders are announced.

7. The tenderer must quote rates per mile for each Forest separately for clearing and for burning.

Further Conditions.

(a) The standard width of all the demarcation lines is generally 66 feet unless otherwise stated and of the enclosures 33 feet. This width should be maintained and any deviation guarded against by clearing 10 feet guide lines on either side of the line, leaving an intervening space of 46 feet. All grass and regrowth must be cut level with the ground and the debries removed and heaped in the middle of the line. The guide lines must not be burnt but cleared of all inflammable materials by sweeping. The space between the two guide lines must be cleared and burnt under the supervision of the Local Range Officer.

(b) The clearing of the regrowth should be completed by the 15th December 1938 and burning completed by the 15th February 1939. On no account should the burning be done after that date.

(c) During the course of operation (from the beginning to end) the contractor shall be guided by the Range Officer in charge of the Range. He will be held responsible for all acts of

himself and his men against the rules of the Department. The security furnished by h is liable to be forfeited in whole or in part, as the case may be, for the breach of any of t conditions of agreement or acts committed in contravention of the rules besides tak action Departmentally.

(*d*) Payment will be made only on bills passed by the Range Officer and the Sub-Division Offi after the full length of each Forest is operated as per rules and no advances will be gi for the work.

The tender should be in the following form :—

Tarikere Sub-Division.
